

Trans Health Project

Working for Transgender Equal Rights

Massachusetts Medicaid Regulations and Guidance

Massachusetts Medicaid policy covers transgender-related health care.

Guidance and Announcements:

Guidance: [MassHealth Guidelines for Medical Necessity Determination for Gender Affirming Surgery](#)

Clinical Policies:

[Boston Medical Center HealthNet Plan - Gender Affirmation Surgeries](#)

[Fallon Health - Gender Affirming Services](#)

[Tufts Health Plan - Transgender Surgical Procedures](#)

Historical Notes:

There are some outdated and unenforced provisions in Massachusetts law including "sex-reassignment surgery" under the definition of "experimental or unproven procedures" but as a matter of practice, this care is covered under MassHealth. [Mass Gen. Laws ch. 118E § 8A](#), [Mass Gen. Laws ch. 118E § 64](#).

- **Repealed:** 130 Mass. Code Regs. 405.418(A) read: "MassHealth does not pay a CHC for performing, administering, or dispensing experimental, unproven, or otherwise medically unnecessary procedures . . . including . . . sex reassignment surgery . . . and any other related surgeries and treatments including pre- and post-sex-reassignment surgery hormone therapy."
- **Repealed:** 130 Mass. Code Regs. 406.413(C)(2)(c), Limitations on Coverage of Drugs, read: "(2) The MassHealth agency does not pay for the following types of drugs or drug therapy without prior authorization: ... (c) drugs related to sex-reassignment surgery, specifically including but not limited to, presurgery and postsurgery hormone therapy. The MassHealth agency, however, will continue to pay for post sex-reassignment surgery hormone therapy for which it had been paying immediately prior to May 15, 1993."

Notes:

If you have been denied transgender-related health care under MassHealth, [Health Law Advocates](#) is an organization that assists transgender people to challenge those denials.
