Utah Medicaid Regulations and Guidance

Utah Medicaid policy covers transgender-related health care.

Notes:

Providers in Utah report their patients can access hormones and surgery under Utah Medicaid. This is also supported by the findings in Michael Zaliznyak, et al., [Which U.S. States' Medicaid Programs Provide Coverage for Genital Gender Affirming Surgery for Transgender Patients?](#) A State-By-State Review, and a Study Detailing the Patient Experience to Confirm Coverage of Services, 203 *Journal of Urology* e144 (May 14, 2020).

If you have been denied transgender-related care under a Utah Medicaid plan, [please contact us](#).
